

Vechain NFT Marketplace Platform Cookie Policy

Last Updated: Sep 20th, 2024.

This Vechain NFT Marketplace Platform cookies policy (the “**Cookie Policy**”) is effective from and after the date shown above, and describes how VeChain Foundation San Marino s.r.l (also “**Data Controller**”, “**Vechain**”, “**we**”, “**us**”, or “**our**”) uses cookies and similar technologies to recognize you (“**you**” or “**your**”) when you visit the our website that links to this Cookie Policy, or otherwise use our Market Place Platform (“**Vechain NFT Marketplace Platform**”) offering (collectively the “**Service**”). More information about information we collect and our privacy practices can be found in our [Privacy Policy](#).

ABOUT COOKIES

What are cookies?

A cookie is a small file containing a string of characters that is sent to your computers, tablets, mobile phones and other devices, storing certain information. Cookies can be used to store unique identifiers, user preferences, make navigation easier, personalize your experience using Vechain NFT Marketplace Platform, and a tell us information about how Vechain NFT Marketplace Platform is being used including which parts of our sites are visited most to help us evaluate the effectiveness of advertising, and allowing us to improve our communications and products.

What is the duration of cookies?

We may use “session cookies” or “persistent cookies.” Session cookies are temporary and expire once you close your browser or once your session ends. Persistent cookies remain on your device for much longer or until you or your browser erase them. Persistent cookies have varying durations that are dependent on their expiration date. For more information about the specific duration of cookies used, please see Addendum 1 entitled “Active Cookie Collection List” below.

What are the main types of cookies

- Necessary Cookies. These cookies enable core functionality such as security, network management, and accessibility. You may disable these by changing your browser settings, but this may affect how the website functions.
- Preferences Cookies. These cookies are used to remember information that customizes how a website/platform looks or behaves for each user and allow to remember the choices you have made. This may include storing yours preferred language, region, currency, or color theme.
- Statistics Cookies. These cookies collect information about how you use a website/platform, such as which pages you most often visit, the time you spend on them, which links you click on, and any issues encountered. These cookies help understand how visitors interact with a website/platform. All information collected is generally aggregated and do not identify you.
- Marketing Cookies. These cookies track your online activity to help deliver advertisements that are relevant to you and your interests and measure the

effectiveness of the advertising campaigns. They also limit how many times you see a certain advertisement. The information collected through these cookies may be shared with others, such as advertisers.

What type of cookies do we use and for what purpose?

When you use the Service, we only use the following cookies:

- Necessary Cookies. These cookies are necessary for you to use Vechain NFT Marketplace Platform and its features, such as accessing secure areas of Vechain NFT Marketplace Platform. Without these cookies, certain aspects of Vechain NFT Marketplace Platform may not be available to you. More information about the necessary cookies we collect can be found in Addendum 1 entitled “[Active Cookie Collection List: Necessary Cookies](#)” below.

THIRD-PARTY TECHNOLOGIES

We use a number of third-party providers to help us to run our services effectively to provide content and different types of analytic, statistical, and marketing services. These technology providers use and control cookies or make other calls and requests to Vechain NFT Marketplace Platform, which may be used for their own purposes, including for the purposes of tracking your browsing behavior across multiple websites.

YOUR RIGHTS, CHOICES AND COOKIE MANAGEMENT

Depending on where you are accessing the Service from (for example, in the UK and Europe Economic Area), we will ask for your prior consent for the use of cookies and other tracking technologies that are not necessary cookies.

Most browsers accept cookies by default. By changing your browser settings or the cookie banner preferences, you can instruct your browser to decline or delete cookies. If you use multiple browsers on your device, you will need to instruct each browser separately. Your ability to limit cookies in this way may be subject to your browser settings and limitations.

Please note that the preferences expressed through the browser will take effect only from your first connection after the change of preferences.
